

# Cartridge fitting Notes

© www.styli.co.nz

## Instructions:

- »Mount the cartridge onto the headshell by the bolts provided, leaving it loose for later adjustment.
- »Connect the 4 wires as per the colours marked.
- »Cut a small hole in this page for the Spindle at 'A', place it on your turntable.
- »Place the Stylus point on 'B' (either but both should be correct). The Cartridge body should be fixed when parallel with the lines 'C'
- »Tighten the bolts Place the needle point on the other set or markings, it should be correct here also.
